

New Allen Organ Installation at
Catholic Church of the Resurrection of Our Lord
Fort Myers, Florida

An inaugural organ concert was presented on Sunday afternoon, October 21, 2007 by concert organist, Aram Basmadjian on the newly installed Allen Quantum 3-manual organ. This instrument is finished in a walnut wood console and is equipped with Allen Vista midi, white mechanical draw knobs and a full antiphonal division.

The host for the concert was Connie Kish, who is the Music Director and Organist at Resurrection Catholic. We are grateful to Connie and also to Father Stephen E. McNamara and Parrish Administrator Bonnie Drobnyk for their assistance in the installation of this fine instrument. The organ was installed and voiced under the direction of Ted Hayes, manager of the Allen Organ Division for Mathis Music in Sarasota, Florida.

(L-R) – Organist Aram Basmadjian, Music director, Connie Kish, Allen Manager Ted Hayes, Mathis Music owner Tom Mathis.
